

## DESCRIZIONE / Description

- Pressa con comandi elettrici e indicatore di quota analogico per tubi flessibili oleodinamici fino a 3" R2.
- Crimping machine with electrical control and analog measuring micrometer for R2 flexible hydraulic hoses up to 3".
- Presse à commandes électriques et indicateur de hauteur analogique pour flexibles hydrauliques jusqu'à 3" R2.

## SCHEDA TECNICA / Data Sheet/ Fiche Technique

|                                                                                          |                                      |
|------------------------------------------------------------------------------------------|--------------------------------------|
| Forza di pressatura / Crimping force / Force de sertissage                               | 380Ton (419 US TONS)                 |
| Range di pressatura / Operating range / Plage de sertissage                              | 6,5-136mm (0,25"-5,35")              |
| Diametro di pressatura max / Max crimping range / Diamètre de sertissage max.            | 148mm** (5,82")                      |
| Tubo 6 spirali / 6 spirals hose / Tuyau 6 nappes                                         | 2"                                   |
| Tubo 4 spirali / 4 spirals hose / Tuyau 4 nappes                                         | 2.1/2"                               |
| Tubo 2 trecce / 2 braids hoses / Tuyau 2 tresses                                         | 3"                                   |
| Tubo industriale / Industrial hose / Tuyau industriel                                    | 4"                                   |
| Velocità chiusura / Close speed / Vitesse de fermeture                                   | 35,3mm/sec                           |
| Velocità pressatura / Crimp speed / Vitesse de sertissage                                | 2,2mm/sec                            |
| Velocità apertura / Open speed / Vitesse d'ouverture                                     | 26,6mm/sec                           |
| Apertura max con morsetti / Max opening with dies / Ouverture max avec mors              | +55mm (2,16")                        |
| Diametro max di apertura / Max opening without dies / Diamètre d'ouverture max sans mors | 193mm (7,59")                        |
| Motore / Power / Moteur                                                                  | 5,5kw (7,5Hp)                        |
| Voltaggio Standard / Standard voltage / Tension normale                                  | 400V-50/60Hz                         |
| Dimensione LxPxH / Dimensions LxWxH                                                      | 760x620x900mm (29,92"x24,41"x35,43") |
| Peso senza olio / Weight without oil / Poids sans huile                                  | 420 kg (925,94 Lbs)                  |
| Olio / Oil / Huile                                                                       | 60 L                                 |
